

Brinell Hardness Tester THBC-3000DA

Feature

- Measure the hardness value by the pc software easily
- Excellent stability without weights inside, good maneuverability
- With transducer and compact structure to enhance the precision
- The tester has wide measurement and high accuracy by means of a 20x objective
- 8 types of test force can be adjusted on the keyboard without manual switch

Spesification

Model	THBC-3000DA
Hardness value range	(8-650)HBW
Test Force	612.9N (62.5Kgf) 、 980N(100Kgf)、 1225N(125Kgf)、 1839N(187.5Kgf)2452N(250Kgf)4900N(500Kgf)、 7355N (750Kgf))、 9800N(1000Kgf)、 14700N(1500Kgf)、 29400N(3000kgf)
Test force selection	Keyboard input
Carriage control	Loading/dwell/unloading (automatic)
Dwell time	5 to 99s
Turret	Manual
Eyepiece magnification	20x
Vertical Testing Space	240mm
Horizontal Testing Space	130mm
Working Temperature	10°C to 38°C
Humidity	10% to 90%
Tester Dimension	760x530x185mm
Weight	120kg
